Availability/Cancellation

If a student receives (or the College or parent receive on the student's behalf) excess Federal Student Aid funds that must be returned, the College must return a portion of the excess equal to the lesser of:

1. The student's institutional charges multiplied by the unearned percentage of the student's funds; or
2. The entire amount of excess funds.

The College must return this amount even if it didn't keep this amount of your Title IV program funds. If the College is not required to return all the excess funds, the student must return the remaining amount. For any loan funds that the student must return, the student (or the student's parent for a Direct PLUS Loan) repay in accordance with the terms of the promissory note. That is, the student makes scheduled payments to the holder of the loan over a period of time.

Any amount of unearned grant funds that the student must return is called an overpayment. The maximum amount of a grant overpayment that the student must repay is half of the grant funds the student received or were scheduled to receive. The student does not have to repay a grant overpayment if the original amount of the overpayment is \$50 or less. The student must make arrangements with the College or the Department of Education to return the unearned grant funds.

The requirements for Title IV program funds when a student withdraws are separate from any institutional refund policy that the College may have. Therefore, the student may still owe funds to the College to cover unpaid institutional charges. The College may also charge the student for any Federal Student Aid program funds that the College waes ar5.2p13qui
